The Real Aftermath

How COVID-19
Changed the Way
Science Fiction is
Conceived, Read, and
Interpreted

Riccardo Retez (Ed.)

This book explores how the COVID-19 pandemic reshaped speculative fiction across literature, film, and games. Drawing on insights from scholars in literature, media, and cultural studies, it reveals how science fiction now reflects global anxieties, resilience, and shifting worldviews. A timely resource for understanding fiction's evolving role in imagining crises and possible futures.

False Idols

How Diversion is Destroying Democracy

Kurt Warner

False Idols: How Diversion Is Destroying Democracy picks up where Juvenal's critique of "bread and circuses" left off, exploring how modern distractions—celebrity culture, consumerism, sports, politics, media, and digital entertainment—keep citizens disengaged from civic duty. By cultivating false idols, powerful interests divert public attention, allowing democratic structures to erode. This book examines how these diversions weaken responsibility and civic engagement, accelerating the decline of democracy in favor of comfort, spectacle, and apathy.

WOMEN AND RELIGION IN BRITAIN TODAY

Rites and Rituals

Women and Religion in Britain Today

Rites and Rituals

Yvonne Bennett (Ed.)

This second volume edited by Yvonne Bennett continues exploring women's lived religious experiences in 21st-century Britain, focusing on rituals and ritualistic behaviours. Drawing from multiple academic fields, contributors offer an interdisciplinary collection examining how women engage with ritual across time and tradition. Blending scholarly analysis with personal reflection, the volume traces ritual's role from cradle to grave and from the medieval past to today.

Space, Philosophy and Ethics

William H. U. Anderson
(Ed.)

Space, Philosophy and Ethics explores the profound philosophical and ethical questions raised by humanity's growing reach into space. From metaphysical wonder to AI risks, chapters span topics such as ownership, responsibility, alien life, and the value of exploration. Contributors examine material ethics, technology, commerce, and ontology—asking who benefits, who decides, and what it all means. This book brings scientists and philosophers together to navigate humanity's uncertain future beyond Earth.

PUBLISH WITH US

Constructive peer review, high production standards, timely publication, attractive terms, flexibility on sharing and re-use, and an extensive marketing and distribution network distinguish us from other publishers. For more details about how we select, produce and promote our books, please visit: www.vernonpress.com

CALLS FOR PROPOSALS

Please follow this link vernonpress.com/calls-for-proposals to find our current and past Calls for Proposals. If you wish to be kept up to date with publication opportunities in your field please email submissions@vernonpress.com

RESOURCES FOR AUTHORS

Please follow this link vernonpress.com/resources/authors to find information and other resources for current and prospective authors. We cover everything from proposal guidelines to typical turnaround times.

SUBMITTING A BOOK PROPOSAL

Your proposal should contain the following information: a summary of the proposed book, an author/editor's biographical statement, the market rationale for your book, and a sample chapter. Please send all proposals to: submissions@vernonpress.com

Quality commitment

Thanks to our growing community of reviewers, all our books are peer reviewed. Committed to producing high-quality titles, we employ tried-and-tested quality control processes in all stages of production. Our editorial checks ensure that all books adhere to high standards of consistency, readability and coherence. We adopt a pragmatic approach to turning around a manuscript quickly and intervene only when necessary.

Editorial values and standards

A work's contribution to knowledge, irrespective of approach or perspective, is the central criterion of our acquisition process. Importantly, our acquisitions are driven by their research impact and current academic trends rather than saleability. Peer review, in-house editorial expertise and collaboration with advisory editors ensure our titles are relevant and of a high academic standard. Our commitment to scholarship has been recognized with inclusion in the lists of academic publishers maintained by the Spanish National Research Council, the Finnish Publication Forum and the Norwegian Centre for Research Data.

Individual attention

We care for and pay attention to the needs of each of our authors. We are responsive to author queries and strive to keep you up to date with your manuscript's progress towards publication. We only enlist qualified and sufficiently motivated experts to review your work and guide them to offer constructive criticism. This ensures that peer reviews are thorough, constructive and respectful of your effort as an author.

Maximum exposure

We work closely with our industry and academic community partners to understand current trends and market our titles appropriately. Besides traditional book marketing, we make extensive use of digital marketing tools and are able to work with authors on promotional activities. All our books are also published as e-books and paperbacks. As reported in WorldCat, our books are held by academic libraries worldwide. Our books are also available through a wide range of specialized resellers, e-book aggregators, select academic bookshops and online retailers such as Amazon and Barnes and Noble.

No cost burden & flexibility about sharing

It's simple: we never charge authors for publishing - no hidden fees, no surprises. Our no-charge promise reflects our confidence in commissioning only high-quality works, the quality of our production and the efficiency of our workflow. Authors of monographs are offered complimentary copies of their book and all authors can purchase additional copies at a 40% discount.

CHANNELS

You can order directly from our website or with major academic distributors, including YBP, EBSCO e-books, ProQuest, Brodart, Ingram, Nielsen and Amazon. For bulk orders please contact accounts@vernonpress.com to set up a trade account.

PRICING & DISCOUNTS

All our authors get generous discounts across the range of our titles. Discounts are also available for bulk purchases or as part of long-term agreements with academic associations, university libraries and major resellers.

The image features a large, stylized graphic of the year '2026'. The '2' on the left is yellow, the '0' is white, the '2' on the right is teal, and the '6' is blue. They are arranged in a staggered, overlapping fashion against a dark blue background.
